

« Hope For Children » CRC Policy Center (HFC), organisation humanitaire internationale dont le siège est basé à Nicosie gère deux refuges pour enfants migrants non accompagnés victimes d'abus et/ou d'exploitation sous la tutelle des services d'aide sociale, à Nicosie et à Larnaka.

Ils recherchent des personnes compétentes pour assurer l'interprétariat en français, anglais et grec.

"Hope for Children" CRC Policy Center is looking for candidates to provide French Translation Services to the children we accommodate at our "Homes for Hope" - shelters for unaccompanied minors who are asylum seekers.

Below I provide an outline of duties respective to the interpreter services which are as follows:

- Collaboration with a professional interpreter to attend meetings with children who are staying at the shelter and are unable to communicate effectively in a language spoken by the officers thus the interpreter is required to ensure the effective communication which will serve the best interests of the child.
- Collaboration with a professional interpreter is required to ensure effective communication in cases where officers in charge need to inform children on issues regarding their case (e.g. asylum application procedures of family reunification, family tracing, court procedures etc.).
- Collaboration with a professional interpreter is required to effectively communicate the housing procedures.
- Collaboration with a professional interpreter is required for regular (counselling or other) meetings with the appointed officer.

The potential candidates will be provided with relevant information for cooperation such as Internal Procedures, Declaration of Confidentiality and so forth.

Please note that translators are an essential part of our team and the holistic services we provide to the children we provide support to.

For reference I provide the link of our Organization and for the "Homes for Hope" below.
